[Date: Month, Day, Year]

TO: [Honorable Immigration Judge / USCIS Officer] [Court or USCIS Service Center Address, if known] [City, State, Zip Code]

RE: Letter of Recommendation for [Your Brother's Full Name] Alien Registration Number (A-Number): [Your brother's A-Number, if known]

Honorable Judge / Dear Officer:

My name is [Your Full Name] and I am a [US Citizen / Lawful Permanent Resident]. I am writing this letter to respectfully request favorable consideration for the case of my brother, [Your Brother's Name], whom I have known all my life and with whom I share a very close bond.

As his sibling, I can attest to his integrity, his strong work ethic, and, above all, his immense kindness. [Your Brother's Name] is not just a family member to me; he is a fundamental pillar of our family and the community we live in.

Since his arrival in the United States in [Year of arrival], he has proven to be a hardworking and honest individual. He is currently employed at [Place of work or profession], where his colleagues and supervisors consistently praise his responsibility. Beyond fulfilling his work obligations, he always finds time to support the family. For instance, [mention a brief specific example: "he helps care for our elderly parents" / "he is an exemplary uncle to my children" / "he is always available when someone falls ill"].

Losing his presence in this country would be devastating not only for me but for everyone who relies on his emotional and financial support. He is a person who respects the law, pays his taxes, and sincerely seeks an opportunity to continue contributing positively to this society.

For all the reasons stated above, I humbly ask that you consider his case with compassion and allow him to remain with his family in the United States. He deserves this opportunity, and I am certain he will not betray the trust placed in him.

I am fully available should you need to contact me to verify any information in this letter or to answer any further questions.

Sincerely,

(Sign here if printing)
